

# M.E.K. Methyl Ethyl Ketone ME-100

## Solvent for Nitrocellulose Compounds and Epoxies

**Description:**

M.E.K. Methyl Ethyl Ketone is a low boiling, fast evaporating, clear, colorless solvent partially miscible with water.

**Product Advantages:**

- Does not stain and evaporates fast
- Excellent for cleaning tools
- To dilute various resins in natural solvents
- To use in workshops and manufacturing

**Use:**

To thin nitrocellulose lacquers, ethyl cellulose, acrylic, vinyl acetate chloride copolymers and epoxies.

**Storage :**

Store in a well-ventilated place. Keep cool. Store locked up.

**Product Data:**

Weight/Gallon:	6.59 ± 0.05 lb. (2.99 ± 0.02 kg.)
Sizes:	55 gallons 5 gallons 1 gallon
Viscosity:	Liquid
Flash Point:	< 19°F Seta-Flash

Notice: The technical data contained herein are true and accurate to the best of our knowledge. Published technical data and instructions are subject to change without prior notice.

S.D.S.: Available upon request.

**Warning!:**

Prior to use refer to S.D.S. For safety data and summary of HMIS rating code. For S.D.S. Sheet, please visit [www.lancopaints.com](http://www.lancopaints.com).

**Hazard Statement:**

**Important:** Highly flammable liquid and vapor. Causes serious eye irritation. May cause drowsiness or dizziness.

**Precautionary Statements:**

**Caution:** Keep away from heat, sparks, open flames or hot surfaces. No smoking. Keep container tightly closed. Ground bond container and receiving equipment. Use explosion-proof electrical, ventilating, lighting, equipment. Use only non-sparking tools. Take precautionary measures against static discharge. Avoid breathing dust, fume, gas, mist, vapors, and spray. Wash skin thoroughly after handling. Use only outdoors or in a well-ventilated area. Wear protective gloves, eye protection/face protection.

**First Aid:**

**If on skin (or hair):** Remove, take off immediately all contaminated clothing. Rinse skin with water shower.

**If inhaled:** Remove victim to fresh air and keep at rest in a position comfortable for breathing.

**If in eyes:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Call a poison center or doctor-physician if you feel unwell. If eye irritation persists: Get medical advice and attention.

**In case of fire:** Use water fog, foam, dry chemical or carbon dioxide (CO<sub>2</sub>) to extinguish.

**Disposal Information:**

**Disposal:** Dispose of contents, container in accordance with local, regional, national, and international regulations.

**Warning!:** Keep out of the reach of children. For industrial use only.
